

Altum. Giving organizations unparalleled control, unprecedented access and endless possibilities.

Altum's innovative, industry-leading grants and performance management solutions enable philanthropic and government organizations to access and analyze data quickly, make informed strategic decisions and, ultimately, stay out front.

Nourish. Support. Sustain. Keep. That is what "Altum" means.

We nourish our client's work with software solutions that feed vision.

We support our client's processes through foundational software that achieves objectives.

We sustain our client's momentum with solutions that uphold regulation and policies.

We keep our client's big picture in mind as we create innovative offerings that address their future needs.

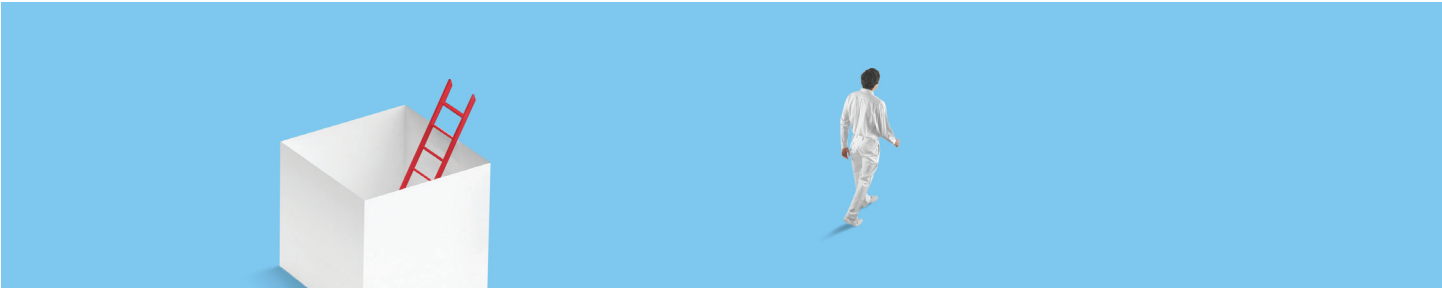

The key is the control we provide with our three customizable grants and performance management products. **Easygrants®** is the #1-ranked, highly configurable, online workflow e-Grants solution. **proposalCENTRAL®** is a collaborative, web-based, grants management portal, ranked #1 for biomedical research. **Infor PM** is the industry-leading financial and performance management software, ranked #1 by Ventana Research four times in a row.
